

Town of Weare Parks and Recreation

***Meeting Minute
November 10, 2009***

MEETING CALLED TO ORDER: ~7:07pm

MEMBERS IN ATTENDANCE: Tom Reynolds, Gene Proper, Chuck Metcalf, and Valerie King

REVIEW OF JIM'S E-MAIL ITEMS:

- Winter Fertilization of the Bolton football field-JSGFA will put it down if PARC pays for the fertilizer. There is not enough money in the budget at this time.
- Lawn Care Payments-Payments are under the authority of the BOS per the current contract.
- Rumor about the ice Rink to be set up on the football field-BOS approved this without involving PARC in the decision. PARC has concerns regarding how the rink will potentially damage the irrigation system. Concerns were also expressed about the lack of lighting, security and water on the site. The next BOS meeting is on Monday the 16th. Members are encouraged to attend and express their concerns about this issue as well as other actions BOS has taken regarding recreational facilities without involving PARC.
- Lawn care around the skateboard park-This is not part of the current contract. Any maintenance would need to be done by purchasing the services or having PARC members do it themselves.

COORDINATOR'S REPORT:

Chuck read Mike's report to the members. Attached below is a summary of the e-mail:

MEETING ADJOURNED: 7:50pm
